

Here is a unique opportunity open to all NJAPM members.

NJAPM Bylaw VI.6.e. provides that by a 2/3 majority vote, the Board may appoint liaisons from/to other organizations.

The Board has approved a program to identify and designate NJAPM members to serve as liaison to various organizations they are associated with, looking for opportunities to work cooperatively.

You are invited by reply to this email, to request appointment as NJAPM Liaison to named organization(s) – professional, business, trade, social, cultural, religious, community, condo association, etc. - you are associated with. If necessary, briefly describe the organization.

The nature and scope of NJAPM cooperation will depend on the type of organization and your creativity - thinking outside the box, to coin a phrase.

If there is sufficient interest, we may create a committee or forum for NJAPM Liaisons to exchange ideas and experiences.

Please do not describe yourself in any manner as NJAPM Liaison, pending or otherwise, before the Board has acted on your request.
